TIPS FOR a GOOD entry

1. Fill the page. Think about "zooming in" to your artwork; the bigger, the better!!
2. Use lots of bright, bold, vibrant colours. Light colours will get "lost" once the image is scanned.
3. Your art will stand out best if try to outline images in black and use markers. Pencil and wax crayons may not produce enough colour.
4. If you are tech-savvy, you can create a cover on your computer and print it.
5. Don't rush! You have a few weeks before the deadline. Take the time to create and submit your best work. HAVE FUN!!! 😊
